

This week at WGPA ...

Term 4 – Monday 16th March 2026

WEST GRANTHAM

Church of England Primary Academy

Dear families,

Please don't forget our Jumble Sale is on Wednesday afternoon, there are bags and bags of bargains!!! We would love to see the hall full of as many parents and friends as possible.

Year 3/4A will be lead our collective worship last week, love truly shone and showcased their confidence when speaking in front of an audience and an understanding of our Christian Value of 'Love'.

Due to our pupils continued work on rail safety and our publicity of the bronze award, we have now been successful in achieving the silver award from the Rail Safe Friendly Programme and Network Rail, we are now aiming for the Gold award. Thank you, Mr Kitchen, for raising awareness and gaining evidence required to allow us to achieve this, another award for WGPA!

It was lovely seeing so many parents at our EYFS Storytime last week, storytelling is a crucial part of a child's education and is fundamental in our school.

On Friday it is Red Nose Day, children will be invited to come to school in non-uniform (please ensure sensible footwear is worn). The national theme is 'do something funny for money', our School Council would like children to come to school with a funny hairstyle- this can include hair accessories., however no hair dye will be permitted (unless it can be removed before Monday).

I hope that you all have a lovely week,

Mrs Smyth

Key diary dates:

Wednesday 18th March

PTFA Jumble Sale

Thursday 19th March

5/6H Class Assembly

Friday 20th March

Red Nose Day

Tuesday 24th March

Animal Experience in school for EYFS

Tuesday 21st April

KSI Trip to Woolsthorpe Manor

Tuesday 21st and Wednesday 22nd

April

Parent Consultations

Monday 4th May

Bank Holiday Monday- school closed

Thank you to everyone who came to support our cake sale last week, which helped us raise money for #TeamSeas. Our Community Heroes raised a huge £110! We are so proud of their efforts in becoming agents of change and making our community an even better place to be!

More fun has been had as part of British Science Week!!

The children in LKS2 learnt how pollen can be moved from one plant to another thanks to insects. They looked at how this might work by putting their fingers in a bag of cheesy crisps and taking the cheese dust on their fingers to an image of a flower and 'landing' on it. As you can see, they transferred a lot of 'pollen'.

They then used the microscopes to look at the parts of a flower in more detail. They found it absolutely fascinating seeing pollen up close.
